BRIEF ABSTRACT OF LETTER.

Suggests that Sub Asst. Surgeons after passing 5th year after service on Rs 65/- increase of total period of service ought to become eligible for promotion to Rs 70/- a month.

NOTES AND ORDERS.

1) The scale of pay of Sub Asst. Surgeons as sanctioned in the reorganisation of the Medical Dept. is as noted below:-

Sub Asst. Surgeons 172 on Rs 35-10-65
and after 20 years' service Rs 65-5-70

3) The maximum pay of the Sub Asst. Surgeons has been raised from Rs 35- to Rs 65/- per mensem (Govt. Proc. No. 1996S-6 Med 114-17-6 of 7.3.19)

4 Sub Asst. Surgeon on Rs 65/- will be promoted to Rs 65/- after a service of ten years. The Senior Surgeon recommends that a Sub Asst. Surgeon after putting in 5 years approved service on Rs 65/- irrespective of the total period of service may be made eligible for promotion to Rs 70/- a month.

5 According to the old scale, it used to take 15 years for a Sub Assistant Surgeon to reach Rs. 65 and another five years on Rs. 65 ~~would have been brought~~ was intended to bring him a pay of Rs. 70. That this was the intention of the Senior Surgeon is apparent from the remark made by him in Medical File No. 69-16 at page 42 to the effect that "the intermediate promotion to Rs. 70 on completing 20 years of service has been put in to prevent stagnation in the 1st class on Rs. 65." But in the Govt. Order 13th July 1918, the following scale was inserted :—

further than what is intended.
The minimum pay of an S. A. S is now Rs 45 and the pay of Rs 65 is reached in 10 years. If the next increment is also allowed within another 5 years, the stagnation which was practically intended to be removed in the present arrangement will be partially revived. The stage of 65 may serve as an efficiency bar as well, and the condition of 20 years service seems necessary to entitle an officer to get the pay of Rs 70, in the case of those who have not been fortunate to get selection to the Senior grade.

2401/1911 Please,

15/1.24

18 The question is in normal circumstances, the stage of Rs 70 should be reached after 20 years or only 15 years? The grade 35 45 10/5 - 65 - 5/5 - 70 would make the period only 15 years. The SS states that the cases which have given occasion to this Communication are those of men promoted to Rs 70 after 20 years but only after rendering 5 years service

Offg. Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

The Secretary to the Government of
H. H. the Maharaja of Mysore,
Revenue Department, Bangalore.

Sir,

I have the honour to state that the scale of pay of Sub Assistant Surgeons as sanctioned in G.O.No.679-80-Med.69-16-4 dated 13th July 1918, is,

"Sub Assistant Surgeons 172 on Rs.35-10-65
and after 20 years' service, Rs. 65-5/5-70"

2. Under this rule, a Sub Assistant Surgeon's promotion to Rs.70/- is made to depend on two conditions, viz., (1) that he should have completed 20 years' service and (2) that thereafter, he must have put in 5 years' service on Rs.65/-. This, however, was not the intention of Government. The class on Rs.70/- was specially intended to prevent stagnation in the 1st class on Rs.65/- for a very long period, by enabling those who put in 5 years' on Rs.65/-, to get a small increase of Rs.5/- instead of having to wait indefinitely for a chance of promotion to the Senior Grade on Rs.80/- by the occurrence of a vacancy in that Grade.

3. Certain promotions to the class on Rs.70/- granted by this office, to Sub Assistant Surgeons who had completed 20 years' approved service, have been held under objection by the

Comptroller for want of an increment certificate to the effect that the individuals have put in 5 years' service on Rs.65/- after completing 20 years' service.

4. To carry the interpretation as set forth in para 2 above, which it is hoped, was the intention of the Government, the scale should be put in the form shown below:-

"Sub Assistant Surgeons 172 on Rs.35-10/5-65-5/5-70"

so that, after putting 5 years' approved service on Rs.65/-, irrespective of the total period of service, a Sub Assistant Surgeon ought to become eligible for promotion to Rs.70/-.

5. I request that necessary correction in the wording of the order of 13th July 1918, as indicated in the preceding paragraph may kindly be ordered at an early date to enable the Comptroller to pass the pay of certain Sub Assistant Surgeons at the enhanced rate of Rs.70/- as ordered by this office.

to Rs.65/- (or Rs.60 of the old scale) i.e., after 15 years' service, since Rs.65 will be reached in 10 years.

7) It is found that the effect of such a change will result in the grant of increment to a very large number of Sub Assistant Surgeons and involve a large amount of additional amount to meet which there is no provision under present conditions.

8) I would therefore beg to modify my proposal to the extent of making promotion to the class on Rs.70 possible on the completion of 20 years service without the further obligation of another 5 years service on Rs.65, the wording being,

"After 20 years' service, Rs.70,"

instead of "After 20 years service Rs.65-5/5-70."

A statement showing the names of Sub Assistant Surgeons to whom promotion to the special class on Rs.70 is due up to date is also submitted for sanction. The amount payable to them can be met from the provision made on account of pay of Passed Sub Assistant Surgeons.

9) I request the favour of very early orders.

3. Government Order No. L. 2600-1—Med. 46-21-2, dated the 5th November 1921, directing that the maintenance of Lists A. and B. be done away with, the Sub-Assistant Surgeons shown in List B. each being given, in the combined statement, the last place among men who were drawing the same pay when he had entered the service.

4. Correspondence ending with letter No. G. C. 203-2 of 1920-21, dated the 11—12th August 1922, from the Senior Surgeon in Mysore, requesting that Sub-Assistant Surgeons be made eligible for earning promotion to Rs. 70 per mensem after putting in a service of 20 years.

ORDER NO. L. 3023-24—MED. 46-20-31, DATED 16TH OCTOBER 1922.

At the time of fixing the rate of promotion to Sub-Assistant Surgeons and the period after which they could become eligible to a pay of Rs. 70, minimum pay of Sub-Assistant Surgeons was generally Rs. 35 per mensem. But consequent on the raising of the initial pay of this class of officers from Rs. 35 to Rs. 45 and by the fusion of the Sub-Assistant Surgeons of Lists A. and B., the period of service to be put in by Sub-Assistant Surgeons to earn a pay of Rs. 65 was considerably reduced and the Senior Surgeon represents that in order to get a promotion to Rs. 70 after attaining the pay of Rs. 65, a Sub-Assistant Surgeon has now to wait not for 10 years as was originally intended by the Government Order dated the 13th July 1918, but for 15 years. With a view to remove the hardship caused to Sub-Assistant Surgeons by the existing arrangement, the Senior Surgeon recommends that the words "after 20 years' service Rs. 65—$\frac{5}{5}$—70" occurring in para 1 (v) of the Government Order dated the 13th July 1918, read above, be changed into "after 20 years' service Rs. 70."

2. Government agree with the Senior Surgeon that the period of service to be put in on a pay of Rs. 65 to earn the pay of Rs. 70 under existing conditions, works as a hardship on the Sub-Assistant Surgeons and are therefore pleased to sanction his recommendation. They are further pleased to direct that the Sub-Assistant Surgeons referred to in the annexed statement, who have put in 20 years' service and have been drawing Rs. 65, be promoted to Rs. 70 with effect from the dates noted against each.

3. The additional cost involved will, as proposed by the Senior Surgeon, be met out of the provision made for "Passed Medical Pupils" in the current year's Medical Budget.
